5/280,Venkateshwara Nagar Extension,  
Kovur,Kanchipuram(Dt),chennai-600128

## Skills:

- Java(Spring boot & Hibernate)
- SQL(Postgres & Mysql)
- Web Development(HTML,CSS,and Javascript)
- Linux command & Bash Script
- Git and GitHub

## Education:

### **B.E Computer Science and Engineering**

Easwari Engineering College,Ramapuram

Chennai-60089

2021-2025

CGPA-8.1

### **Higher Secondary School**

Valliammal.Matriculation.Higher.Secondary

School,Anna Nagar East

Chennai-600102

2021

Percentage-76%

### **Secondary School**

Valliammal.Matriculation.Higher.Secondary

School,Anna Nagar East

Chennai-600102

2019

Percentage-68%

## Language:

- Tamil
- English

## Career Objective:

- Pursuing a Bachelor of Engineering in Computer Science, building a robust foundation for backend development.
- Proficient in Java programming, showcasing hands-on coding and debugging skills.
- Actively seeking a Java developer role to apply and enhance skills in a professional environment.
- Collaborative team player, ready to contribute effectively to dynamic development teams.

## Projects:

### **Flight Ticket Booking Project:**

- Developed a user-friendly booking system using Spring backend, Hibernate (JPA), and PostgreSQL.
- Employed Hibernate for efficient database operations, optimizing system performance without compromising processing time.
- Utilized PostgreSQL for reliable and secure data storage, ensuring data integrity for user information and booking records.
- Github link: [github.com/dravidKumar007/FlightTicket](https://github.com/dravidKumar007/FlightTicket)

### **Library Management System Project:**

- Developed a user-friendly system for departmental library use, using HTML, CSS, and JavaScript for the frontend, and PHP with MySQL for the backend.
- Improved accessibility to library resources, enhancing efficiency for teachers.
- Implemented reliable data handling through PHP and MySQL, ensuring the confidentiality and integrity of information.

## Certificates:

- Free Code Camp (Relational Data Base)
- Spring boot for Beginners(Amigos code)
- NPTEL (modern c++)

## Internship:

### Oasis Infobyte (Java developer)- 1 month

- Learned Java coding and MySQL database connection.
- Acquired Git and GitHub skills.

### Cissol (Java developer)-2 months

- Mastered Spring Boot and Hibernate technologies.
- Demonstrated skill in handling REST APIs.
